

SMA EOS in 2019

So Many Advances !

Brian Snyder
Michael Vitale
Matt Oetgen
Jack Flynn

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- 20th century: most die early, some get Unit rod to pelvis in childhood

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- 20th century: most die early, some get Unit rod to pelvis in childhood
- Then comes:
 - Appreciation of growth-sparing treatments (VEPTR, TGR)

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- 20th century: most die early, some get Unit rod to pelvis in childhood
- Then comes:
 - Appreciation of growth-sparing treatments (VEPTR, TGR)
 - Appreciation of the chest wall collapse, and its prevention (Bob Campbell)

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- Then comes:
 - Appreciation of growth-sparing treatments (VEPTR, TGR)
 - Appreciation of the chest wall collapse, and its prevention (Bob Campbell)
 - Magnetic lengthening implants

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- 20th century: most die early, some get Unit rod to pelvis in childhood
- Then comes:
 - Appreciation of growth-sparing treatments (VEPTR, TGR)
 - Appreciation of the chest wall collapse, and its prevention (Bob Campbell)
 - Magnetic lengthening implants
 - Medical therapy—that seems to work for many kids

SMA EOS in 2019: So Many Advances!

This is NOT your Mother's SMA EOS

- 20th
 - The
 - A
 - A
 - Magnetic lengthening implants
 - Medical therapy—that seems to work
- All this creates new challenges and techniques
- We need to learn stuff every year
- (duh! That's why we come to ICEOS)

SMA EOS in 2019: So Many Advances!

The plan for this Session

- Snyder: 7min talk on SMA in Spinraza era

Q&A

- Vitale: 7min case: growth-friendly to fusion

Q&A

- Oetgen: 7min case

Q&A

- Snyder case as time allows
